We kindly ask for your understanding.

Our Linzerhaus is an ideal place for school ski courses and outdoor education weeks, as well as for larger groups or families with children. The house is equipped with an environmentally friendly pellet heating system. The rooms and dormitories have washbasins with hot water. Shared showers are also available.

Our tenants make every effort to serve you fresh, homemade meals every day.

Well-kept draught beer is, of course, also available.

Three of our rooms are equipped as so-called “comfort rooms” and have their own bathroom unit with shower.
